EDMONTON, ALBERTA

STRATHCONA, ALBERTA, WEDNESDAY JULY 22 1908

No. 61

CITY COUNCIL

Financing Of Sewer Extensions Subject Of Warm Discussion—Secret Ballot Which Was No Secret

The City Council meeting last evening commenced just twenty-five minutes after the appointed hour, and it was just twenty-five minutes after eleven when the adjournment was reached. All the members were present. Only a few communications were read, and these were soon disposed of.

A letter from the fire chief brought trouble on the head of that official. Mr. McMahon wrote enclosing a letter from Mr. Bureh, secretary of the Western Undertakers' Association, in which Mr. Bureh said he was about to make some recommendations to the council as to the fire department, instead of writing to outsiders.

Two petitions were referred to the public works committee and the engineers. One was from the ratepayers in Sub-Division 2 asking that St. Phoebe Street be opened and the other from a number of residents in the Hillcrest sub-division asking for the draining of a slough.

A communication from Mr. E. Trowbridge, secretary of the Park Commission, confirmed the engagement of the council chairman for a sitting of the commission on August 9th.

REPORTS OF COMMITTEES.

The fire and light committee recommended the extension of the electric light system to the new Twin-City Court house between the R.V. & P. R. R. and the bridge road at an approximate cost of \$90. The recommendation was adopted.

The water and sewer committee reported recommending that the contract for completing the sewer extension on Second Avenue South, from First Street to Second Street, West be given to Messrs. Hubert & Wilson at \$100 per lineal foot. The report was adopted.

The police committee handled a few names of applicants for the various positions on the police force and made the recommendation that the council make a selection by ballot.

REVISED ASSESSMENT.

The city assessor, J. D. Foster reported that the appeals to the court, or revision had been disposed of, and the assessment roll revised. The figures were as follows:

Total assessment \$7,772,213.25
Exemptions 231,490.00

Assessable property 6,540,723.25

Assessable for school purposes only \$133,964.50

For public schools 789,797.75

For public schools 9,897,997.75

The report was received, and the assessment roll adopted.

FRONTAGE ASSESSMENT WANTED

Messrs. B. Abernethy and H. Skelton appeared as a denotation from the residents in the Skelton sub-division asking when they might expect the extension of the sewer to that portion of the city, and if the council would send down a pump to pump the water from the cellars of the houses there.

In reference to this matter, Alderman Bush, chairman of the water and sewer committee, said that when this extension was applied for the committee thought the council had power to pass a by-law rating the money for the extension without referring it to the people, but had found since that they could not do so. The application was motivated under the by-law providing for sewer extensions had been voted on. The committee thought the sewer system was badly needed in the Skelton sub-division.

The mayor left his chair to speak on the general policy of sewer construction. He said that they were receiving petitions for the extension of the system to portions of the city where they would not get anything like a sufficient revenue to warrant the expense. He thought that in future petitions for extensions should be required to guarantee a revenue which would pay at least 4 per cent. on the investment.

Alderman Sheppard supported this view and the principle was embodied in a motion.

Alderman Richards thought the matter should be laid over until the charter could be altered to allow of a return to the old principle of constructing on frontage tax.

Alderman Cameron spoke very strongly in favor of the frontage system, and Alderman Bush and Tipton also thought this system the best. Alderman Bush said that the mayor's idea was adopted it would put a stop to all sewer extensions. To this the mayor replied that if they could not get a guarantee of 4 per cent. on the investment they had better put a stop to extensions.

Alderman Cameron proposed a amendment that the matter be referred to the water and sewer committee, the solicitor and the engineer to inquire into the feasibility of imposing a frontage tax on all property abutting on the water and sewer system. Alderman Elliott seconded, and the amendment carried.

The mayor then proposed that no further work be undertaken without the guarantee of 4 per cent. on frontage tax. Alderman Bush seconded.

This gave Alderman Tipton an opportunity to make another speech in favor of the frontage tax system, and he took advantage of it. Alderman Cameron was also on his feet again.

THE NEW POLICEMAN

The appointment of a police constable was the next business. On a motion being made for a ballot, Alderman Sheppard rose and said that if the members of the council were prepared to keep faith with each other he would favor an open vote. After the last ballot for police constables the Plaindealer called out with a little "cheer" against the police committee, and mentioned his name as being the only one who had never received a vote. Some members of the council must have known that the constable and told how they voted, or the Plaindealer must have had some other method of finding out. Personally he did not care what ratepayers thought he was not as he had never received a vote that he was ashamed of and he took it that the purpose of the ballot was not to keep the vote secret

from the ratepayers, but in order that any official appointed by ballot should not know who his supporters were. Alderman Richards said he did not know whether he was considered as one who broke faith, but he was not ashamed of voting as he did. The four members of the council did not break faith any more than faith was broken with Mayor Duggan. Alderman Bush expressed the opinion that no member of the council gave information to the Plaindealer. He thought it was a speculation on the part of the Plaindealer to "get at" some members of the council.

Tax selection was then proceeded with and the first ballot resulted as follows:—

P. J. Walsh 3; J. Shearley, 3; J. Robinson, 2; F. T. Mitchell, 1; E. Hase, 1.

Mr. Hase's name was dropped, and another ballot taken, which resulted: Shearley 4, Robinson, 3, Walsh 1, Mitchell 1.

As it was held that some candidates, with a majority of the vote of the council, a third ballot had to be taken, and the figures were: Robinson, 4, Shearley, 3, Walsh 2, Mitchell 0.

Still another vote was taken, and Shearley got the required majority this time, Walsh and Robinson getting 2 votes each.

A by-law making the appointment was then introduced and passed. On the motion of Alderman Bush it was resolved that any member of the police force resigning or being dismissed for a violation of the police rules within six months of his appointment should be required to pay for his uniform.

By-law No. 26, fixing the rate of tax for 1909, was passed. The rate is 15 mills, 11 mills for general purposes and 4 mills for school purposes.

The licensing and regulating of pool rooms and the collection of pool and dog taxes were shortly discussed upon any action being decided upon.

Seventeen Times A Bigamist

San Jose, Cal., July 22.—Alleging that his wife had married at least seventeen times without going through the necessary legal formalities, having one marriage certificate annulling of before she entered into another, Joseph Kaiterson, a well known sporting man of this section of the state has begun suit for the annulment of his marriage to the woman. The woman has disappeared.

Carlson says that he has uncovered but a few of his wife's matrimonial adventures, but that he has proof that she has married, seventeen husbands.

Mrs. Carlson told her relatives that Trenist was dead when she married Brooks. She claimed that Brooks had a wife of whom she had not known, when she left him and married Brooks without applying for an annulment of the wedding. Ross went suddenly insane and was sent to the Asylum. He was later discharged and went to Nevada. His father created a sensation at the time by declaring that he had been duped and railroaded to the asylum.

NEARLY SEVEN MILLIONS.

Ottawa, July 22.—The Census Bureau estimates the population of Canada March, 1914, at 5,865,500.

Crop Prospects

The crop reports from the country along the Canadian Northern line continue to be of the most glowing character. All grains are making excellent progress and harvest will be general by the middle of next month. The reports received by agent, Brown to-day are as follows:—

Edmonton—Wheat continues fine. Crops improving daily. Prospects of the best.

Fort Saskatchewan—Wheat past week has been very favorable. All grains are headed out, some beginning to turn. Harvesting will be general by August 15th.

Lamont—Favorable weather continues and grain is making very satisfactory progress. Everything so far points to a good crop.

Chapman—Wheat past week very warm, with a nice shower last Monday. Crop looking fine, about 60 per cent. of all grains headed out.

Stanhope—Thirty hours' general rain fell the past week but no decided benefit. One month from to-day the cutting of the heaviest yield in record will commence.

Lacombe—The weather for the past week has been very warm with light rain on Tuesday and Wednesday and has sent all kinds of grain for hard yield 1st. No damage in this district from hail or frost.

Verdun—Wheat since the last report most favorable. Grain nearly all headed out and prospects for large harvest are of the best.

Saskatoon—The weather is fine and crops are in splendid condition. No damage yet from frost.

Marshall—Wheat are in the best condition. The past week the weather has been hot, with some showers, being favorable to growing crops. A large percentage of the wheat is well headed out and prospects continue good.

Stathcona—All grains are coming along well. Frost showers of warm rain during the week. No hail.

General conditions good. North Battleford—Crops looking fine. Wheat about three feet high. On two foot, wheat and barley all headed out. Weather warm, with a few showers.

Standard Oil Pleads Poverty

Chicago, July 22.—The Standard Oil company of this state is pleading poverty to escape its personal property tax. This is the company again which the \$200,000 fine was recorded a year ago.

This morning Attorney George W. W. W. for the oil company, assured President West of the taxation board of review that while a year ago the company owned personal property to the value of \$200,000, the increase this year had not been more than \$5,000.

On the showing made the total tax value was placed at \$100.

A meeting of the Liberal Association of the City of Strathcona will be held in the Young Liberal Club Rooms on Wednesday next, July 22nd, at 8 p. m.

All liberals are cordially invited to attend.

E. W. DAY

Conservative Candidate for Strathcona Federal Constituency

Will Address Meetings As Follows

Wednesday	" 22 "	Sandy Lake
Thursday	" 23 "	Colchester
Friday	" 24 "	Ottawa

Burns Withdraws

A cable despatch from London says that Arthur Burns, the Calgary runner who won the race from Edmonton to the 25th day, has withdrawn from the Olympic Marathon. No cause is given in the despatch for the withdrawal, but as Burns only arrived in London a day or two ago, and the race is on Friday, it may be that he found he had not sufficient time in which to train for the contest.

Quebec Thirsty

Quebec, Que., July 22.—Visitors are pouring in by boat, road and rail. The influx is now estimated at fifty thousand and accommodation is being taxed heavily. With the arrival of the Prince, the invasion is certain to be overwhelming.

A break in the main water deprived the city and camps of water from last night until three this afternoon, when the break was repaired, great inconvenience being experienced in the city, where it was difficult to obtain sufficient for drinking purposes.

The management was surprised to see ten thousand spectators at the Pageant rehearsal and also the large attendance at the performance of "Christie Columbe," Felicia Davidson's symphony.

Vis-President Fairbank is expected to arrive early in the morning and will be a state guest at Spencewood, the residence of Lieut. Gov. Jettie. The vice-president will be saluted by the Citadel and the warships as he crosses the river.

The indomitable, escorted by the armored cruiser Minotaur, is reported practical and is expected to arrive at fourteen o'clock. There is little doubt that the Prince will receive an ovation and demonstration unrivaled in this city.

The shortage of drinking water is more than offset by the showers, which are, however, not serious, but they served to keep the spectators under or near cover.

Tonight the troops held a camp fire and tattoo, all the regiments being represented, the festivities being interrupted by a call to arms and the troops turning out in a brisk sham fight in the darkness, much amusement being expended. Then the troops returned to camp.

MUNICIPAL OWNERSHIP FOR LETHBRIDGE.

Lethbridge, Alta., July 22.—The council to night decided to submit a by-law for the purchase of the Electric Lighting Company's plant for about \$47,000. Extensions and removal of the plant will cost about one hundred thousand dollars. The city takes possession on Sept. 1st.

Knights Of Pythias

Calgary, July 22.—A meeting of the grand representatives of the Knights of Pythias was held last night in the K. of P. hall, Calgary, for the purpose of completing the organization of the Grand Lodge of Alberta. The preliminary steps were taken at a meeting held here on July 2.

Representatives were present from Edmonton, Vegreville, Sodgewick, Stettler, Strathcona, Wetaskiwin, Daysland, Camrose, Oils, Didsbury, Fort Saskatchewan, Medicine Hat, Taber, Lethbridge, Macleod, Pincher, Coleman, Pelly, Claresholm, Ngton, Hilda River and Okotoks.

The election of Grand Lodge officers resulted as follows:—

Grand Chancellor, C. W. McMillan, Edmonton.
Grand K. of R. and S., Dr. C. H. Stapleton, Sodgewick.

Grand Prelate, Miles McInnes, Vegreville.
Grand Master of Ex., R. J. Green, Calgary.

Grand Master at Arms, T. Leysdon, Coleman.
Grand Inner Guard, W. A. Irwin, Edmonton.

Grand Outer Guard, W. G. Wallora, Edmonton.
Grand Trustees, F. J. Bradley, Calgary; Captain Thomas, Camrose, and K. E. Taylor, Medicine Hat.

C. E. P. Conroy, of Lethbridge, and Mr. Hockley, Edmonton, were elected Supreme Representatives to the meeting of the Supreme Lodge in Boston on August 3 with J. G. Tipton, Strathcona, and A. B. McLeod, Calgary, as alternates.

One of the chief matters taken up at the meeting was the establishment of the principle of a Pythian Home. It was decided to form an association to be known as the Pythian Home Association, and to secure incorporation.

The following officers were elected:—President, J. G. Tipton, Strathcona; Vice-President, J. Woodward, Calgary.

Secretary, W. G. Wallora, Edmonton; Treasurer, F. J. Clark, Calgary.

Directors, S. J. Clark, Calgary 5 years; J. Brown, Sodgewick; 4 years; J. C. F. Brown, Edmonton; 3 years; Rev. James, Pincher Creek, 2 years; J. R. Tweedle, Wetaskiwin, 1 year.

The association will take up the question of ways and means during the year and report at the next meeting of the Grand Lodge, which will be held in Edmonton in July 1909. The remainder of the session was taken up with a discussion of matters of policy for the advancement of the interests of the order. The new Grand Lodge starts out with twenty-three subordinate lodges and about 1,100 members. The prospects for a satisfactory growth during the coming year was reported particularly bright.

The Conservative Platform

As Enunciated at Halifax and Other Places by Mr. R. L. Borden, Leader of His Majesty's Loyal Opposition in the House of Commons.

- Honest appropriation and expenditure of public moneys in the public interest.
- Appointment of public officials upon consideration of capacity and personal character and not of party service alone. More effective provisions to punish bribe and fraud in elections, to ensure thorough publicity as to expenditures by political organizations, to prevent the accumulation of campaign funds for corrupt purposes and to prohibit contributions thereto by corporations, contractors and promoters, to expedite hearing of election petitions and to prevent collusive arrangements, the withdrawal or compromise thereof, to provide for a thorough investigation to corrupt practices and if necessary to appoint an independent prosecuting officer to enforce the laws so amended.
- A thorough and complete reform of the laws relating to the Civil Service so that future appointments shall be made by an independent commission acting upon the report of examiners after competitive examination.
- Such reform in the selecting of members of the Senate as will make that chamber a more useful and representative body.
- A more careful selection of the sources from which immigration shall be sought, a more rigid inspection of immigrants and the abolition of the bounty system except under very special circumstances and for the purpose of obtaining particularly desirable classes of immigrants.
- The management and development of the public domain (in which are to be included great national iron ches) for the public benefit and under such conditions that a respectable proportion of the increment of value arising therefrom shall inure to the people.
- The operation and management of our government always by an independent commission free from partisan control or interference.
- Development and improvement of our national waterways the equipment of national ports, the improvement of transportation facilities and subsequent reduction of freight rates between the place of production and market, whether at home or abroad and the establishment of a thorough system of cold storage.
- The re-organization of the present railway commission as a public utilities commission with wider power and more extended jurisdiction, so as to establish thorough and effective control over all corporations owning or operating public utilities or invested with franchises of a national character.
- The establishment after due investigation of a system of national telegraphs and telephones under conditions which shall be just to capital already invested in those enterprises.
- The improvement of existing postal facilities, especially in newly developed portions of the country, and inauguration after proper inquiry as to cost, of a system of free rural mail.
- A fiscal policy which will promote the production within Canada of all useful articles that can be advantageously manufactured from or by means of natural resources, having due regard to the interests of the consumer as well as to the just claims of our wage-earning population.
- The promotion by negotiation and other constitutional means of a system of mutual preferential trade within the Empire.
- The restoration of the public lands to the Provinces of Alberta and Saskatchewan upon fair terms.
- The unimpaired maintenance of all powers of self-government which have been conferred upon the Provinces of Canada under the constitution.

Lazy Rovers

Winnipeg, July 21.—The religious fanatics are still in Manitoba and are around Bismarck. They will still be about ten miles from the border of Saskatchewan and the police, who are following them cannot ascertain whether they will continue their journey northward or go west and into the sister province.

In any case they will have a hard time, for the recent rains have made the roads almost impassable. Instead of fifteen miles travel a day which they did after landing in the province, they are now doing five miles, and the horse is still keeping on its feet.

The police, who are following, received a note from the band Thursday, which reads as follows:

"I intend to go the Bushbuckers and if they do not want me I intend to go back to the United States. I pray God to bless you boys.—From Jesus Christ."

It would look by this that they were weakening and to substantiate this conclusion is the fact that two more have deserted. One of these is Jim Sharpe's son and the other is the Swede, who was continually with the leader's boy. The rest are apparently sticking to the leader.

Constable Adam Ross is escorting the Manitoba police (the natives King and Turner, the Saskatchewan police.

To-night the fanatics are near to Hartwood and the Saskatchewan band. Nothing steadily arms ever really, they cheer the natives with hymns, all from the youngest to the leader singing. To-day they were an Inspector Jungey, who joined them inognito in plain clothes accompanied. Six immigration agent Speers. The officials greeted them as brothers and traded several miles with the band conversing and joining in hymns. "Shall we gather at the river" being very suggestive.

The inspector endeavored to persuade the "Virgin Mary" to lay down her arms but she shouted "Never, never, never, we will die first, yes, die, die!" and the children joined in with a three-fold "Amen."

Inspector Jungey, into whose district the fanatics are heading, returned to Bismarck and entrusted to Langenberg, who seven mounted policemen are accompanied. There is little doubt that as a result of the inspector's observations the police will singly join the fanatics in plain clothed as "strangers not repelled," and after marring with them a while, pounce each on a man or woman and overpower them in the neighborhood of Marshwell.

When secured they will be handed over to Immigration Agent Speers for deportations. Owing to the length of time since their entry this will have to be formal and not merely a turning back.

Not Dead Yet

Berlin, July 21.—The announcement made yesterday from Badagheim, Germany, that Vice Admiral Rojstvetzky, who commanded the Russian fleet that was annihilated by the Japanese in the battle of the Sea of Japan in May, 1905 had died here the night of July 19 from heart trouble is incorrect. A Russian named Rojstvetzky did die at Badagheim but it was not the vice-admiral.

This announced death of the admiral evoked a flood of newspaper comment, that of the St. Petersburg press being decidedly caustic and unkindly.

Weak Women

To weak and failing women, there is but one way to health. But with it, two, two medicines, must be combined. One is a local, one is a constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the local. Dr. Shoop's Restorative is the constitutional. Dr. Shoop's Restorative is a powerful blood purifier, it cleanses the blood, it builds up wasted tissues, it brings about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Bottle after bottle—until you feel the entire system reviving the result of all nerve, all tissue, and all blood renewed.

LOST—A Pocket Book containing a sum of money and a number of letters. Finder please leave at Chronicle office and receive reward. 6p1-6p.

Britain Irritated With Japan

London, July 21.—Evidence of growing unfriendliness between England and Japan appears in the announcement that the Home of D. Fontana shortly will take formal notice of the charges that Japan is gradually encroaching British commerce from Korea and Manchuria.

The suggestion that England and the United States form an agreement in regard to action to be taken on Oriental affairs has been frequently made.

The action of Japan in endeavoring to monopolize the entire commercial interests, as charged in the complaints which are made here repeatedly, is unpleasant to the big Britishers in Oriental trade.

This is the first time that the government has taken notice of the situation, however, though much has been published concerning it in the newspapers.

In diplomatic circles the situation is looked on as being of the most importance.

There is a belief here that America and Japan are still in danger of breaking off their cordial relations. Japan has the better. If all of China, Russia was not forgotten the war.

It is estimated that England's situation might lead to a weakening of the Anglo-Japanese alliance, on the ground that Japan's methods in Manchuria and Korea are unfriendly to England.

Embargo Stands

London, July 26.—Sir Edward Strachey, member of parliament for the south division of Somerset, and representative of the board of agriculture in the House of Commons, dashed the hopes of those who had advocated the imposition of Canadian cattle by stating definitely in the House of Commons this afternoon that the Government had no intention at present of proposing legislation removing the prohibition of such importations.

France's President in Denmark

Copenhagen, Denmark, July 21.—President Fallieres, of France, arrived here yesterday afternoon on his first visit to Denmark, and was received with the highest military honors. He was enthusiastically cheered by the troops and the streets arched. Shortly after his arrival the president drove in the royal motor car to the country palace of Betanstorff to call on Prince Wassmuth and Princess Maty, who have his marriage was Princess of Orleans.

After an official dinner at the palace the president and his suite were taken to the royal family attended the ball of the Royal Yacht Club, given in honor of the French journalists accompanying M. Fallieres.

The ships of the French and Danish fleets were illuminated and a display of fireworks caused the harbor promenade to be packed with people.
